The will of the late George S. Rosser is not likely to be probated until the June term of County Court.

The new switchboards for the Maysville Telephone Company are being installed, and they are not only "plumb beauties," but they are up-to-day-after tomorrow in every particular.

Because Mr. Wallace holds back \$2 a week from each of his employees, 75 men quit the Wallace Shows at Wellston and 50 quit at Portsmouth, leaving the show in bad shape for help.

The P. O. S. of A. contemplate giving an old time Fourth of July celebration at the new park—Beech Woods. If the thing is a go there will be the most magnificent display of fireworks ever seen in the city.

The ladies interested in the Mason County Library contemplate giving a strawberry supper shortly to purchase some new books for the institution. Various refreshments are to be served, while delightful music will be rendered by splendid talent. It is desired that friends of the library throughout the city and county will take the matter up and offer assistance in the way of donating cream, cakes, berries, etc., so that the net receipts may run up to a very handsome sum. It is hoped that the proposed supper will touch the popular chord and that responses will be prompt and generous. Those who will offer anything are asked to notify Miss Richeson at the library at once.

INTEREST ACQUIRED

The Newton Cooper Estate Transfers Street Railway Holdings

The late N. Cooper was a third owner in the Street Railway, the Cochran Brothers and Mr. William H. Cox being owners of two-thirds.

The interests were equally bound for a mortgage indebtedness of some \$30,000.

For several years the Company has struggled hard to "break even," although many—who know more about other people's business than they do of their own—have insisted that the concern was making "money to burn."

On Saturday the Executors of Cooper, wishing to settle the estate and rid of further responsibility, paid to the Messrs. Cochran and Mr. Cox a lump sum to assume the burden, and now the latter gentlemen are sole owners of the road.

LIGHT DAWNS

CASE OF CALEB POWERS

Is Being Heard Today By Judge Cochran at London

Lawyers Claim That He Can Now Be Released on Bail

A motion for bail in the case of Caleb Powers, charged with the murder of William Goebel, would lie at the present time, according to the Attorneys representing Powers in the proceedings to have the case removed from the state Court into the Federal Court, and they contend that under Section 642 of the Revised Statutes Judge A. M. J. Cochran of the United States District Court could grant bail to Powers and release him from the custody of the Jailor of Scott county.

R. D. Hill, one of the Attorneys for the defendant in the proceedings before the Federal Court, said Saturday, however, that no motion for bail will be made in the case until after Judge Cochran has passed on the question of jurisdiction.

The Attorneys for Powers contend that under Sections 641 and 642 of the United States Statutes Powers is now in the custody and under the control of the United States District Court, and that the Judge of that Court can proceed as he could if the case had come before him originally. The question of bail for Powers has not been closely considered, according to the Attorneys, but Mr. Hill said he thought it would not be proper to make such a motion until after the question of jurisdiction had been settled. "He said the motion for bail would be

Saturday, while engaged in clearing away the wreckage of the ill-fated Big Kanawha a short distance below town, George Golden caught a green frog that measured 10 1/2 inches in length. It was about 3 inches broad.

Sunday Jake Caproni, the Market street confectioner, christened his baby, and in order to make it a high-flying American as well as starting it off well in life named the coming merchant James Caproni, after his whilom friend, James W. Outten, our local Sousa.

The warrant against Ollie Martin for cutting to kill Russell Best was dismissed Saturday by Judge Whitaker after a full hearing of the evidence. Martin was then tried before a Jury on a charge of breach of the peace and acquitted. The verdict in the breach of peace case is a farce, as it was clearly established that both belligerents were drunk and disorderly and should have been fined at least \$10.

QUIETLY WEDDED

Mr. William J. Boles and Miss Helen Nelson Surprise Friends

Mr. William J. Boles, a member of the Kentucky Staff of The Cincinnati Enquirer, stationed at Covington, stole a march on his friends Saturday evening and bade farewell to bachelorhood when he wedded Miss Helen O. Nelson, daughter of Mr. Simon Nelson, a Maysville merchant.

Mr. Boles met Miss Nelson at the home of a Covington friend some time since. A few days ago the young lady returned to Covington as the guest of Mr. and Mrs. N. E. McDonald of Mackay avenue.

Mr. Boles called and on several occasions Miss Nelson accompanied him to places of amusement. The wooing was brief, and Saturday morning Mr. Boles surprised his friend, County Clerk Yates, by appearing and demanding a marriage license, asking that the latter say nothing about the matter.

Mr. Boles then asked Mr. and Mrs. McDonald to accompany himself and Miss Nelson to the residence of Rev. Dr. Donald McQueen in Covington. The ceremony was solemnized in the Minister's parlor, and Miss Nelson then sent a dispatch to her parents telling them of her marriage.

The happy bride and groom, accompanied by Mrs. S. M. McDonald, Mrs. Boles's aunt, arrived yesterday afternoon on the 1:35 Fast Flyer to pay their respects, and to receive a parental blessing from father and mother Nelson.

made before Judge Cochran immediately after he decided that the Federal Court had jurisdiction, should such a decision be given.

CLAIM OF ATTORNEYS.

The section under which the Attorneys claim the case is transferred to the Federal Court by the filing or tender of a petition for transfer, setting up the necessary grounds, provides that when such a petition is filed, all proceedings in the state Courts shall cease pending the settlement of the question of jurisdiction by the Federal Court. This is Section 641. Following it is Section 642, which provides that when the steps for a transfer of any case have been taken according to Section 641, a writ of habeas corpus cum causa shall issue by the Federal Court, and the Court shall take possession of the person of the defendant. The Attorneys claim that this section implies that a motion for bail would lie and could be granted by the Federal Judge.

Powers's Attorneys will appear in the United States District Court at London today and file with the Court the petition for a removal to that Court, together with the proceedings in the state Court and copies of the records in the previous trials. A motion will be made to have the case docketed for trial at some time at which both sides can be heard on the question of jurisdiction, which will be considered first.

The question has been raised as to who will prosecute Powers, in the event the case is transferred to the United States Court. It has been suggested that the District Attorney would prosecute, but at the United States District Attorney's office it was stated by H. M. Thatcher, the Assistant Attorney, that in his opinion the state authorities would continue the prosecution, just as if the case were tried in the state Courts.

He's a lucky fellow just now who doesn't have to depend on Chicago for goods.

HAVE you noticed how careful the Chicago hoodlums are in keeping their hands off everything that has U. S. on it?

A cordial invitation is extended the suffering Chicagoese to come over and locate in Maysville, past which the beautiful Ohio wends its way "gulfward to the sea," and where workmen have too much sense to indulge in useless strikes.

WITHIN the past few years Cincinnati Banks have been building skyscrapers, and there are now in course of construction in that city several new and magnificent Bank homes. It has been remarked by the officials that every visitor invariably stares at the ceiling. That's quite natural: they are merely looking for the rate of interest.

In Chicago Chief of Police O'NEIL says he is confident that he can control the situation and keep peace in the city, and Mayor DUNNE supports him in this view, and has declared that in his opinion the emergency has not arisen requiring the presence of troops. In the statements of these officials, the records show that from thirty to fifty men have been injured daily by the rioting teamsters and their allies. It might be well to know what these discredited officials mean by "keeping the peace."

The people of Chicago are paying a pretty stiff price for the first steps toward municipal ownership.

The law-abiding Union teamsters of Chicago are now using baseball bats on the heads of those who have taken their places, to convince the world that no one has the right to work for a living unless he has the Union Label on the bosom of his pants.

Political Pickings

SOME HISTORY!

Winchester Sun-Sentinel.

There was a factional fight among the Democrats of Kenton county some years ago. William Goebel, then comparatively unknown, represented one side and John Sanford, a banker and ex-Confederate soldier, the other. Sanford was an adherent of Senator Blackburn. The bitterness grew and resulted in the death of Sanford at the hands of Goebel. Self-defense was claimed by Goebel and he was exonerated, though it was believed by Sanford's friends that the killing was not justifiable. Senator Blackburn pledged himself to bring to justice the slayer of his friend. Goebel was elected to the State Senate and was the author and promotor of the "Goebel Election Law." The provisions of this law were such that Henry Watterson said—

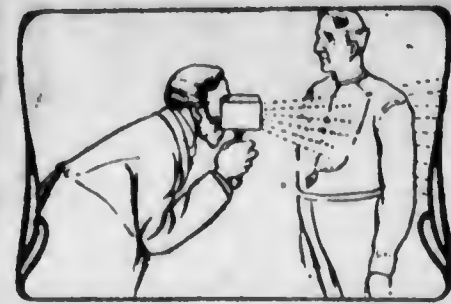

"It eliminated all elements of chance."

Senator Blackburn in discussing it said—

"If there is any stealing to be done the Republicans will not do it."

Mr. Goebel was nominated for Governor at the Music Hall Convention in 1899. His manner of getting the nomination is well known to all. J. C. W. Beckham was nominated for Lieutenant-Governor. In the campaign that followed Mr. Blackburn was Chairman of the Democratic Committee. At the November election Goebel and Beckham were defeated by W. S. Taylor and John Marshall. Goebel was willing to accept the defeat, but Blackburn, who feared Goebel in his own race for United States Senator, would not consent and a contest was instituted before the Legislature at the instance of the Campaign Committee of which Blackburn was Chairman. During the trial of that contest Goebel was shot. The decision was in favor of Goebel and Beckham, and on the death of Goebel, Beckham was Governor. Blackburn was elected to the Senate. Thus it will be seen that Blackburn, after threatening vengeance against Goebel, became his supporter and it was through Blackburn's influence in having the contest made that Beckham became Governor, and now Beckham is doing all that he can to keep Blackburn from being elected Senator. We give these facts not in criticism at all, but that our Democratic readers may be reminded of the kind of men who are now their leaders. The two B's.

CONSUMPTION'S WARNING

Inside facts soon become evident in outside symptoms.—DR. G. G. GREEN.

The aid of scientific inventions is not needed to determine whether your lungs are affected. The first symptoms can be readily noted by anyone of average intelligence.

There is no disease known that gives so many plain warnings of its approach as consumption, and no serious disease that can be so quickly reached and checked, if the medicine used is Dr. Boschee's German Syrup, which is made to cure consumption.

It is in the early stages that German Syrup should be taken, when warnings are given in the cough that won't quit, the congestion of the bronchial tubes and the gradual weakening of the lungs, accompanied by frequent expectoration.

But no matter how deep-seated your cough, even if dread consumption has already attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble.

At the First M. E. Church, South, yesterday morning the Rev. Dr. Charles F. Evans preached a fine sermon on "The Fourth Commandment." Divesting it of all application as a religious tenet, the speaker urged the observance of the Sabbath as a day of rest on the ground of physical and social as well as moral betterment. A Crazy Young man Sent to a Lunatic Asylum

John W. Campbell, aged 18 years, and for some time cook on the Cincinnati and Mayville packet Courier, became violently insane Friday and had to be removed to his home in Aberdeen.

He continued to grow worse and became dangerous to other members of the family. Saturday Deputy Sheriff Biehn and Constable George Covert of Brown county conveyed the unfortunate youth to the Dayton Asylum.

His condition is attributed to cigarette smoking, being an inveterate consumer of the poisonous things.

He is said to have been an excellent son to his mother, being her mainstay and support.

A sad coincidence is the fact that both father and son are now inmates of public institutions in the same city—the one in the Soldiers' Home, the other in a Lunatic Asylum.

The Rivers and Harbors Committee of Congress, on its inspection of the Ohio river, is scheduled to arrive here Saturday morning at 7:30, leaving at 8 o'clock.

After a second declaration to the Court that agreement was impossible, the Jury in the Hargis case at Lexington was discharged. Ten of the Jurors were for acquittal and two of them refused to be changed from the belief that he should be convicted. He was ordered back to Jail and a motion for bail, argued by the Attorneys, will be passed upon this morning. No surprise was caused by the outcome of the trial, as under the instructions of Judge Parker no one looked for a conviction.

OLDEST CONFEDERATE

Dr. Alexander H. Wall of This City Enjoys That Distinction

Saturday's Louisville Post prints a halftone of one of Mayville's distinguished citizens, with this brief sketch of his life—

The oldest Confederate soldier in Kentucky, and possibly in the United States, is Dr. Alexander Hamilton Wall of Mayville, Mason county, Ky.

Dr. Wall was born November 24th, 1810, and is, consequently, in his 95th year.

He entered the Confederate Army in September, 1862, as Surgeon in Colonel Gano's Regiment, where he served for a short time and then joined General John H. Morgan. He saw active service for one year and was then transferred and made Chief Surgeon at Camp Winder Hospital at Richmond, Va., for the remainder of the war.

Dr. Wall owns a fine estate in Mason county, and, notwithstanding his advanced age, looks after his business interests with the vigor of youth. He is one of Kentucky's most remarkable men and retains to a degree every mental faculty. He walks up to the bank in Mayville daily and spends his time chatting pleasantly with his friends.

Dr. Wall's wife is dead, but three children, Judge Garrett S. Wall, Mrs. E. C. Dimmitt of Mason county, and Mrs. Lewis Apperson of Mt. Sterling, are living. Dr. Wall has a sister living in California at the age of 97 years.

Frank McGlinchey, aged 12, tried to hop on a moving C. and O. train at Ashland Saturday with the usual result. His leg was cut off below the knee.

At a meeting of creditors held at the office of Thomas R. Pfister, Referee in Bankruptcy, Saturday afternoon, Harry L. Walsh was appointed Trustee of the estate of W. D. Fizer of Fleming county.

The fellow who took the Editor's umbrella while he was sick, under the impression that he was headed for a crime where there's perpetual drouth and would have no further use for it, is respectfully informed that the owner is going to carry here awhile longer, and will be obliged for the return of the "shower stick." If you'll look on the end of the handle, you'll find a name there that's not yours.

REDMEN'S POW-WOW

Make the Week a Big Reunion of Relatives and Friends

Five weeks from today the Redmen's Old Home Week and Pow-wow starts and will be this year on a larger scale than any similar event ever given in this city.

It is the object of the Redmen to bring together all the friends and relatives of the people of Mayville and Mason county during the week of June 12th, thus deriving the calling of the week of the "Carnival '04 Home Week." All having friends and relatives away from home will confer a favor upon the Committee by sending their names as soon as possible to Secretary H. L. Hamilton so that a letter may be sent them and bring them here and thus help to make the week of June, 12th, 15th one grand, eventful week.

The Robinson Amusement Company will bring an entire new and up-to-date line of attractions, including the Royal Italian Band, which has been increased to twenty pieces.

Tell your friends to be sure and come. Begin talking about "Old Home Week" now and make your preparations, so that you will be here without fail.

AMERICAN WOMEN FIND RELIEF

The Case of Miss Irene Crosby is One of Thousands of Cures Made by Lydia E. Pinkham's Vegetable Compound.

How many women realize that menstruation is the balance wheel of a woman's life, and while no woman is entirely free from periodical suffering, it is not the plan of nature that women should suffer so severely.

Thousands of American women, however, have found relief from all monthly suffering by taking Lydia E. Pinkham's Vegetable Compound, as it is the most thorough female regulator known to medical science. It cures the condition which causes so much discomfort and robs menstruation of its terrors.

Miss Irene Crosby, of 313 Charlton Street East Savannah, Ga., writes: "Lydia E. Pinkham's Vegetable Compound is a true friend to woman. It has been of great benefit to me, curing me of irregular and painful menstruation when everything else had failed, and I gladly recommend it to other suffering women."

Women who are troubled with painful or irregular menstruation, backache, bloating (or flatulence), leucorrhoea, falling inflammation or ulceration of the uterus, ovarian troubles, that "bearing-down" feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, Lynn, Mass., for further free advice. Thousands have been cured by so doing.

Help Wanted!

Chapter I.

A real, live, competent, successful real estate dealer and agent can be a power in any community in promoting the business interests and building up its commercial and manufacturing enterprises. I have been making a study of the situation in Maysville and the surrounding territory for two years. It has been my desire to get acquainted with each and every piece of real estate in Maysville, both business and residence property; also, to be posted in regard to all farming lands within a radius of forty miles of Maysville. I have succeeded in gaining much information of value to persons wanting to invest in city property or farm lands. My office is and shall continue to be the resort of all persons who want to buy or sell real estate of any kind. I also find buyers for stores. Money loaned on real estate security.

Help!

I now appeal to you to give me your help in becoming to Maysville what I should like to be—an encyclopedia of facts and information pertaining to houses, stores, manufacturing establishments, farm lands and the place to get money at a low rate of interest when the necessities of the owners of realty require it. During the past twelve months I have sold more real estate in Maysville than was sold during the five years previous. This has done much to give employment to labor—the painter, carpenter, plasterer, brickmason and plumber have gotten "busy" by reason of the purchasers of this property being able to spend money on the houses bought. Every citizen has felt the good effects. Since I have helped you I am sure you will help me.

Chapter No. 2 will appear in next Wednesday's LEADER.

HIGHEST PRAISE.

Some Maysville Citizens Grow Enthusiastic on the Subject.

The praise of the public is merit's just reward. Nothing in modern times has received the praise accorded "The Little Conqueror." Of some kinds of praise we are skeptical. We doubt the praise of strangers. The highest praise for Maysville public is hearty expression from Maysville people. Doan's Kidney Pills are endorsed in Maysville. No better proof of merit can be had. Here's a case of it. We have plenty more like it.

James D. Tolle, clerk at Wood Bros. meat market, and living at 117 Short St., Maysville, Ky., says:

"I was troubled a great deal for some time with constant heavy pain in the small of my back and the kidneys. At times it was so bad that I could not stoop to sit down or get up without much difficulty. The action of the kidneys was noticeably weakened and passages of the secretions were too frequent, and there was a scalding, burning sensation at times. Hearing of Doan's Kidney Pills I began using them and finding great benefit, continued the treatment until I had taken one or two boxes more and was thoroughly cured of all my troubles. I have never had the least bit of suffering from my back or kidneys since. I give all the credit to Doan's Kidney Pills and feel justified in strongly recommending them to others." Plenty more proof like this from Maysville people. Call at J. James Wood & Son's Drugstore and ask what their customers report. For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.

SOCIAL EVENTS

Mrs. Jacob Thomas entertained with a beautiful child's party Saturday afternoon from 2 to 5 in honor of her small son, James Cooper. About sixteen little guests enjoyed the games, songs and a merry contest until the living-room was thrown open.

The table was prettily decorated with carnations and ferns, but all eyes were centered upon his or her plate, each containing a character from Mother Goose, so perfectly moulded in icecream that Old King Cole, Little Miss Muffet and Jack and Jill seemed too real to eat. It was an unusually pretty sight and the occasion will long be remembered by the little folks.

A detachment of Uncle Sam's Marines passed West over the C. and O. yesterday. While at the Depot the splendid band accompanying the boys regaled the large crowd with some choice music.

LEWIS COUNTY CASE

Appellate Court's Opinion Rendered in a Railway Damage Suit

In reversing the suit of Nancy Wilson's Administrator v. the Chesapeake and Ohio Railway Company, taken up from the Lewis Circuit Court, the following decision was handed down by the Court of Appeals, Judge Nunn rendering the opinion.

First—Railroads—Causing Death—Negligence—Peremptory Instruction—In an action against a railroad company for the negligent killing of plaintiff's intestate at a private crossing of the railroad track, where there was evidence tending to show that deceased could not see the train until she reached the crossing, and that persons using said crossing depended on hearing the approaching train whistle at a public crossing three-fourths of a mile from the private crossing, and that the train that killed her was traveling at the rate of fifty miles an hour and did not whistle or ring its bell at said public crossing on that occasion, nor at the private crossing, it was error in the Court to give the Jury a peremptory instruction to find for the defendant.

Messrs. A. D. Cole and T. B. Phister were the Attorneys for appellant; Worthington & Cochran, W. H. Wadsworth for appellee.
